## **Agape Flights Ready to Head to Cuba with Water Systems!**

After much deliberation and discussion Water One has announced the cost of the water system for Cuba at \$1,800. Water One has developed a system that will not be using the wagon prototype. The type that will be used will be easier to deliver in Cuba. Extra supplies and filters will be included with the first system delivered to each church.

As stated before Agape Flights has been approved to deliver the systems to Cuba. So now we have the system, cost, and source of delivery. Agape Flights has received a pledge from an individual to pay all the cost of delivery for the first flight into Cuba. Because of the donors generosity this is a significant savings for all churches.

What we need from you:

- Commitment from you to buy your sister church in Cuba a water system.
- Water One Systems needs a commitment by May 6th.
- 50% deposit
- If this deposit is a concern please email or call me immediately, there could be money available to assist you short term.

The anticipated trip is June/July 2016. This may be the only trip in 2016. This trip is really an important trip to help our brothers and sisters in Cuba.

**Please make all checks payable to: Southwest District Mission Program, Inc. On the memo line notate: Water System Deposit for.....church.**

**For individuals that feel "clean water" the main essential of life should be available to all people. Make a donation to this project: Southwest District Mission Program, Inc. On the memo line notate: Donation for water project.**

**If you have any questions please email or call me immediately. Most importantly I need the count of the units.**

**Nothing ahead of you is bigger or stronger than the power of God behind you....**

**In Christ,**
