CUBA

SO

CLOSE....

BUT, A

WORLD

Updates from Cuba and More....

When you're in business or you want to make something known what are the three things you must do? Awareness, exposure, and spreading the word are the top of the list. In this day and age it's technology, social media, website and more. I invite every church to link to our new website at: www.christforcuba.com

Water Purification Systems: The second shipment of Water Purification Systems have an anticipated delivery in September. A firm date has not been set. If you ask your sister church in Cuba I can guarantee you the top priority will be a water system. Requests for units are coming in everyday so do not procrastinate on this decision.

This shipment through Agape Flights is open to other larger items that we can no longer take on commercial flights. If you have an item in mind that you want to ship, email or call me to reserve space on the flight.

Our June trip to Annual Conference in Cuba is set with the travelers from the following churches:

Carlson Memorial UMC

Cypress Lake UMC

East Naples UMC

Because of the summer heat in Cuba the June trip is our least favorite with travelers. This year we are going to do some different activities that we pray will enhance the experience. If you want to go to

AWAY!

Cuba next year, this is the trip I can easily get you on.

Chris Sherrod has made her first solo trip to attend a four district baptisms of 1,000 individuals at the Guardalavaca Beach. I am sure she will have many stories to tell about her experience. Chris has also been very busy with our first Young Adult Trip to Camp Caanan the end of July. For youth trip information please contact Chris at: Jungletraveler@aol.com

Fall Trips:

The October 9th - 16th trip is full.

October 16th - 24th this is a Guantanamo District trip only. Churches with sister churches in this district have priority. I have space available for others. This is not a trip for the faint of heart. We will be visiting the most remote churches in Cuba plus Hurricane Matthew damaged churches in the area of Baracoa, Maisi and Toa River area.

For more information email or call me.
