Water Purification Systems Delivery

Agape Flights, Inc., of Venice headed to Havana, Cuba this morning with 23 water purification systems.

The next stop for the systems will be deliveries to campgrounds, Council of Churches in Cuba and five districts scattered across Cuba. The systems will be located on church grounds but the clean pure water is for the entire community.

I want to thank everyone for your patience, understanding of just how difficult of a task this is to accomplish. I thank you for your faith, trust and your donations. None of this could be achieved without you. God bless!

In Christ,

Dan Christopherson
